

What's in this watermelon cucumber salad?

This watermelon cucumber salad recipe is truly *easy* to make and it's one of the [best watermelon recipes](#) out there. It's just matter of chopping a few ingredients and throwing them together on a platter. It's a fantastic accessory for summer cookouts and potlucks. But because it's so simple, the quality of the ingredients is key. You've got to have a super ripe watermelon and high-quality feta cheese to make this one taste like 1 million bucks. Here's what's in this watermelon cucumber salad:

- **Ripe watermelon**
- **Feta cheese crumbles**
- **Small Size Cucumber**
- **Fresh basil**
- **Lemon**

Mix it up: other topping ideas!

For the topping of this watermelon cucumber salad, we've called for chopped basil, lemon zest, and some sea salt. But you can get as creative as you'd like! Here are some ideas:

- **Herbs.** Use a different herb like mint or oregano.
- **Pepper or olive oil:** You can even top with fresh ground pepper or add a drizzle of olive oil.
- **Other citrus:** If you'd like it tangier, add lemon juice — or go with lime zest instead!
